# DON'T JUST KEEP UP, GET AHEAD.

With top-class print speeds, enhanced mobile connectivity, and cost-saving innovations, Brother's latest range of monochrome laser printers and Multi-Function Centres are setting the pace for business productivity and cost-efficiency. Best of all, you can always count on our award-winning reliability for greater peace of mind year after year.

MFC-L2750DW

34ppm  
print speed

250 sheets  
paper tray

50 sheets  
ADF\*

Fast first  
page-out time\*

## Productivity that goes **beyond performance**

### Outstanding print speeds

Don't let mediocre print speeds slow you down. With stellar print performance of up to 34ppm, and fast warm-up and first-page-out times, you can take your office productivity to new heights.

### Impressive mono print quality

Create impactful, professional-looking documents with crisp text and graphics at high quality resolution.

### Lighten your load with advanced paper handling

With a 250 sheets default paper tray, a 50 sheets Auto Document Feeder\*, and the ability to handle a variety of papers up to 230g/m<sup>2</sup>, you can now do more with less effort.

## Enhanced **wireless and mobile connectivity**

### Wireless printing made easy

Print or scan effortlessly from your notebook PC, smartphone, or tablet without the need for wires. Brother wireless-enabled machines\* allow you to effortlessly connect your wireless devices for fuss-free printing of documents, presentations and emails.

### Print directly from your mobile devices

In today's on-the-go business environment, an increasing number of users are printing from their mobile devices. Through Brother's iPrint&Scan, Apple Airprint, Mopria and Google Cloud Print, you can now print directly from your iPhone, iPad, Android™ or Windows® Mobile device.

### Scan and print without network access

Brother machines with Wi-Fi Direct\* enable you to print or scan directly from your mobile device without access to your network. This allows you to offer temporary printing or scanning access to your visitors.

## Designed with **cost-savings in mind**

### Lower the total cost of ownership with high-yield cartridges

Enjoy greater print volumes at lower costs-per-page with high-yield 3,000-page replacement toner cartridges\*.

### Automatically cut your paper waste by 50%

Brother machines with automatic 2-sided printing allow you to set all print jobs to print on both sides of the document unless otherwise stated, cutting down on paper wastage by half.

### Cut down on your toner costs

Toner replacements are by far the most costly supplies in any print environment. The Toner Save Mode on selected Brother machines give you the option to print using less toner, while producing clear and legible text at the same time.

### Fit more, save more

Brother machines with the N in 1 feature allow you to print multiple pages of your document into one single page, saving up to 93% in paper waste. What's more, Booklet Printing helps you create convenient booklets that use 50% less paper.

\*Applicable to selected models \*Print from multi-purpose tray or manual feed slot \*Requires additional purchase

## A proud legacy of **uncompromising reliability**

### Over a hundred years of customer satisfaction

Even with over a century of customer satisfaction under our belt, we aren't taking anything for granted. All Brother machines have undergone rigorous tests and trials to ensure that they will last for years to come. By bringing together traditional Japanese values of quality, service, and integrity with the latest in technological innovation, you can always count on Brother to take your office productivity further.

### An award-winning track record

For 4 years in a row, Brother has won PCmag's prestigious Business Choice Award. We have also won PCmag's Readers' Choice Award for an unprecedented 8 years in a row, scoring the highest in overall satisfaction and reliability.

### We've got your back

At Brother, our commitment to our customers comes first, which is why we remain dedicated to you far beyond the purchase dates of our products. This is reflected in the outstanding service and warranty that you will enjoy with every Brother product.

Brother strongly recommends the use of genuine Brother consumable products only. Benefits include better quality print, greater yields per consumable, protection of your machine from damages and achievement of optimum performance. As a precaution, please note that your machine warranty may not cover any damages arising from the use of non-genuine consumables.
